300W

Feature

- IP66, IK09
- 180° installation angle adjustable
- Die casting aluminum housing with good heat sink
- Innovative C-buckle technology, prevent glass off, free of screw fixing
- Multiple optical lens for different application

Specification

Input Voltage	AC100~277V/200~480V
LED Spec.	SMD5050
Operating Temperature	-30C°~50C°
Smart Control Options	1-10V/DALI/Photocell/Zigbee
Luminous Eff	150Lm/w
Structure	Die-Casting ADC12
Finish	Powder coated
Lens	Polycarbonate
Color	Black
Ra	>70

Applications
